OMNIBUS CITATION AND ORDER

ILLEGAL MARKETING OF SIGNAL JAMMING DEVICES

Adopted: September 30, 2011

Released: September 30, 2011

By the Chief, Enforcement Bureau:

I. INTRODUCTION

1. This is an official **CITATION AND ORDER** (“Citation”) issued pursuant to section 503(b)(5) of the Communications Act of 1934, as amended (“Communications Act”),¹ to each of the companies listed in the caption to this Citation and in Appendix A attached hereto (each, an “Online Vendor,” and collectively, the “Online Vendors”)² for marketing in the United States a total of 215

¹ 47 U.S.C. § 503(b)(5).

² According to publicly available information, the Online Vendors are variously owned by or associated with the following individuals: Brian Martz (Bling Wholesalers), Bruce Carroll (Jabiru Bamboo, Ltd.), Carl Wilson (The Signal Jammer), Curtis Sinniger (Silver Valley Tech), Drew Southard (Simply Surveillance), Ezequiel Hernandez (Tna International Electronics), Geoffrey Callaghan (Yapper Zapper), Guangpeng Kent Liu (Brilliant Store, Inc.), Li Pei Liang (SAFI Service, LLC), Otto Lee (Sunvalleytek International, Inc.), Patty Clinton (PJS Gifts), Quan Dao (World Mall Electronics), Rob Sambrano (Secret Service, Inc.), Scott L. Stevens (Consumer Security Products,

uniquely described models of cell, GPS, and other signal jamming devices in violation of section 302(b) of the Communications Act³ and sections 2.803 and 15.201(b) of the Commission's rules ("Rules").⁴

2. Signal jamming devices pose significant risks to public safety and potentially compromise other radio communications services. Each Online Vendor must take immediate steps to cease marketing signal jamming devices to consumers in the United States and its territories and to avoid any recurrence of this misconduct. This may include actions such as removing the illegal signal jamming devices from online display, expressly excluding consumers in the United States and its territories as potential customers, and declining to sell signal jamming devices or complete any sales transaction to consumers in the United States and its territories.⁵

3. Pursuant to sections 4(i), 4(j), and 403 of the Communications Act,⁶ we also direct the Online Vendors to report within thirty (30) calendar days after the release date of this Citation on the specific actions taken to correct the violations and provide information concerning their signal jamming device suppliers, distribution channels, and sales.

4. As explained below and as provided in the Communications Act, future violations of the Rules in this regard may subject an Online Vendor to substantial monetary penalties, seizure of equipment, and criminal sanctions.

II. BACKGROUND

5. The Spectrum Enforcement Division ("Division") of the Enforcement Bureau ("Bureau") has observed that each of the Online Vendors listed in Appendix A has marketed via the Internet within the past several months signal jamming devices to consumers in the United States or its territories.⁷ Specifically, and as detailed in Appendix A to this Citation, the Division observed that each Online Vendor has marketed various models of cell phone jammers, GPS jammers, Wi-Fi jammers, and/or similar signal jamming devices that have the capacity to prevent, block, or otherwise interfere with authorized radio communications (collectively, "signal jammers").⁸ These product offerings include GPS blockers for vehicles, high-tech signal blockers with remote control capabilities, jammers disguised as paintings and cigarette packs, other small, easily-concealable cell phone jammers, as well as high-powered industrial jammers that have the potential to disrupt radio signals in areas as large as a football field.⁹ In addition, the signal jammers offered by the Online Vendors claim to target various frequencies,

Sleuthtek), Steven Junker (Junker Signal Solutions), Sun Caijin (Papatek), and Tiffany Carrillo (NOVA Retail Ent.). This Citation also is directed towards each web site that markets signal jamming devices and is affiliated with these persons or entities.

³ 47 U.S.C. § 302a(b).

⁴ 47 C.F.R. §§ 2.803, 15.201(b).

⁵ In very limited circumstances and consistent with applicable procurement requirements, retailers may market these devices to the U.S. federal government for authorized, official use. *See* 47 U.S.C. § 302a(c); *see also* 47 C.F.R. § 2.807(d). We note that the term "consumers," as used herein, refers to individuals, businesses, organizations, and state and local governments, among others.

⁶ 47 U.S.C. §§ 154(i), 154(j), 403.

⁷ We note that each Online Vendor, at a minimum, also has a contact address or business address within the United States.

⁸ In addition, the Bureau recently received a consumer complaint regarding the online marketing of a cell phone jammer on yapperzapper.com. *See* Complaint No. 11-C00314487-1 (filed July 5, 2011).

⁹ A representative sample of the illegal signal jammers offered for sale to U.S. consumers by each Online Vendor is set forth in Appendix A to this Citation.

services, and/or technologies such as Code Division Multiple Access (CDMA), Global System for Mobile Communications (GSM), the Global Positioning System (GPS), Wi-Fi, Bluetooth, Universal Mobile Telecommunications System (UMTS-3G), Long Term Evolution (LTE-4G), Integrated Digital Enhanced Network (iDEN), the Personal Handy-phone System (PHS), Digital Cellular Service (DCS), and General Packet Radio Service (GPRS).¹⁰

III. APPLICABLE LAW AND VIOLATIONS

6. Federal law prohibits the marketing and operation of signal jammers in the United States and its territories. Section 333 of the Communications Act states that “[n]o person shall willfully or maliciously interfere with or cause interference to any radio communications of any station licensed or authorized by or under this Act or operated by the United States Government.”¹¹ In addition, section 302(b) of the Communications Act provides that “[n]o person shall manufacture, import, sell, offer for sale, or ship devices or home electronic equipment and systems, or use devices, which fail to comply with regulations promulgated pursuant to this section.”¹²

7. The applicable implementing regulations are set forth in sections 2.803, 15.201, 15.1(c), and 15.3(o) of the Rules.¹³ Section 2.803(a)(1) of the Rules provides in relevant part that:

no person shall sell or lease, or *offer for sale* or lease (including *advertising for sale* or lease), or import, ship, or distribute for the purpose of selling or leasing or offering for sale or lease, any radio frequency device unless ... [i]n the case of a device subject to certification, such device has been authorized by the Commission in accordance with the rules in this chapter and is properly identified and labeled as required by § 2.925 and other relevant sections in this chapter.¹⁴

Additionally, section 2.803(g) of the Rules provides in relevant part that:

[R]adio frequency devices that could not be authorized or legally operated under the current rules ... shall not be operated, *advertised, displayed, offered for sale* or lease, sold or leased, or otherwise *marketed* absent a license issued under part 5 of this chapter or a special temporary authorization issued by the Commission.¹⁵

8. Pursuant to section 15.201(b) of the Rules,¹⁶ intentional radiators¹⁷ like signal jammers cannot be marketed in the United States or its territories unless they have first been authorized in

¹⁰ See, e.g., <http://www.thesignaljammer.com/products/Strong-Portable-Cell-Phone-Jammer-with-Fan.html> (visited Apr. 22, 2011) (“Specifications: Jamms [sic]: AMPS, TACS, NMT, GPRS, GSM, DCS, CDMA, PDC, TDMA, PHS, PCS, Iden, W-CDMA, UMTS, 3G”).

¹¹ 47 U.S.C. § 333.

¹² *Id.* § 302a(b).

¹³ 47 C.F.R. §§ 2.803, 15.201, 15.1(c), 15.3(o).

¹⁴ *Id.* § 2.803(a)(1) (emphasis added).

¹⁵ *Id.* § 2.803(g) (emphasis added).

¹⁶ *Id.* § 15.201(b). Section 15.1(c) also states that “the operation or marketing of an intentional... radiator that is not in compliance with the administrative and technical provisions in this part, including prior Commission authorization or verification, as appropriate, is prohibited under section 302 of the Communications Act of 1934, as amended, and [the Rules].” *Id.* § 15.1(c).

¹⁷ An “intentional radiator” is a “device that intentionally generates and emits radio frequency energy by radiation or induction.” *Id.* § 15.3(o).

accordance with the Commission's certification procedures. Section 2.803(e)(4) of the Rules defines "marketing" as the "sale or lease, or offering for sale or lease, including advertising for sale or lease, or importation, shipment or distribution for the purpose of selling or leasing or offering for sale or lease."¹⁸

9. Signal jammers, however, cannot be certified or authorized because their primary purpose is to block or interfere with authorized radio communications. As noted above, a device intended for such use is clearly prohibited by section 333 of the Communications Act. Thus, signal jammers such as those offered by each of the Online Vendors identified in Appendix A cannot comply with the FCC's technical standards and therefore cannot be marketed lawfully in the United States or its territories.

10. The Online Vendors have illegally marketed, and in many cases continue to market, signal jammers to consumers in the U.S. and its territories. First, the Online Vendors expressly referred to the marketed devices variously as cell phone, GPS, and/or Wi-Fi jammers, or otherwise described them as having the capacity to interfere with authorized radio communications services available in the United States.¹⁹ Second, and as detailed in Appendix A, the Online Vendors touted the devices as being effective at blocking authorized communications, highlighting, for example, that the devices represented the "perfect jamming technology," "[were] specifically tuned to disrupt [cell phones]," provided "industrial strength jamm[ing]," and caused "complete spectrum interference." Some Online Vendors also claimed that their devices offered "long jamming range," with the power to disrupt signals for distances of more than 300 feet (the equivalent of a typical city block).

11. We also note that the Online Vendors marketed signal jammers that affect a broad range of frequencies, technologies, and/or services, including CDMA, GSM, UMTS, LTE, PHS, and DCS.²⁰ While some of the targeted technologies and services may not be authorized in the United States – for example, PHS and DCS are only utilized in parts of Europe and Asia – we recognize that the frequency bands that correspond to these services are assigned to commercial, federal, and public safety users in the United States, and we must continue to take action consistent with the Communications Act to protect the integrity of such authorized communications.²¹

12. Additionally, the evidence establishes that these jamming devices were offered for sale to consumers in the United States. The Online Vendors' web pages for these devices indicated that the

¹⁸ *Id.* § 2.803(e)(4).

¹⁹ See, e.g., Jabiru Bamboo, Ltd. product web page, <http://www.ecrater.com/p/9479976/cellbuster-mini-wireless-cellphone-signal?keywords=jammer> (visited Mar. 11, 2011) ("The Cellbuster full spectrum cellphone jammer transmits low power radio signals to cut off communications between cell towers and any cell phones in the proximity."); World Mall Electronics product web page, <http://www.worldmall.com/high-power-signal-jammer-cell-phone-extreme-cool-edition-p-1202.html> (visited Apr. 11, 2011) ("Powerful and effective, this portable signal jammer effectively disables any 3G networks, GPS devices, and cell phone signals (on the GSM, CDMA, DCS, and PHS bands) without interrupting any other electronic devices."); Tna International Electronics product web page, <http://tnainternationalelectronics.ecrater.com/p/10191342/industrial-strength-cell-phone-jammer> (visited May 11, 2011) ("The J36 mobile signal has been purposefully designed to wipe out CDMA, GSM, DCS, and 3G mobile phone signals in a 50 meter (164 feet) radius!"); Yapper Zapper product web page, <http://yapperzapper.com/index.htm> (visited June 30, 2011) ("Blocks GSM/CDMA/DCS/PHS/3G bandwidths and works on blocking signals from AT&T, Sprint, & Verizon etc.").

²⁰ See, e.g., *supra* note 10 and accompanying text.

²¹ For example, a DCS jammer transmitting in the 1805 – 1880 MHz band could potentially interfere with equipment used by federal government agencies for security and other critical public safety applications. Additionally, a PHS jammer, operating in the 1880 – 1930 MHz band may interfere with authorized communications services, including Personal Communications Services (PCS), Advanced Wireless Services (AWS), and Mobile Satellite Services (MSS) operating in the 1850- 1990 MHz band.

signal jammers could be shipped worldwide or to an address in the United States or its territories.²² In fact, some of the Online Vendors' web pages included testimonials from customers in the United States.²³ While a few of the Online Vendors' web pages noted that importation of a signal jammer into certain jurisdictions could be illegal (presumably intending to shift the burden of complying with applicable laws to the purchaser),²⁴ Division staff observed no statements or notices indicating that the Online Vendor would refuse to sell signal jammers to unauthorized purchasers in the United States or its territories and would decline to complete any sales transactions originating with such consumers.²⁵ As we have repeatedly noted, it is insufficient and misleading for retailers to include a disclaimer on their websites or in promotional or advertising materials stating or implying that consumers in the United States and its territories bear *sole* responsibility for complying with the applicable legal obligations.²⁶ Such disclaimers are misleading because they fail to disclose that the retailer also is violating the law both by offering the device for sale to U.S. consumers and by completing the sales transaction. Use of disclaimers that purport to place the sole burden on the buyer do not absolve the retailer of liability.

13. Accordingly, we find that each of the Online Vendors identified in Appendix A has violated section 302(b) of the Communications Act and sections 2.803 and 15.201(b) of the Rules by marketing in the United States or its territories radio frequency devices that are not eligible for certification because such devices intentionally disrupt or interfere with authorized radio communications. We therefore issue this Citation to each such Online Vendor for violating section 302(b) of the Communications Act and sections 2.803 and 15.201 of the Rules as discussed above.

IV. FUTURE COMPLIANCE

14. If, after receipt of this Citation, an Online Vendor violates the Communications Act or sections 2.803 and 15.201 of the Rules by marketing unauthorized radio frequency devices within the United States or its territories or otherwise engaging in conduct of the type described herein, the

²² See, e.g., Silver Valley Tech product web page, <http://silvervalleytech.ecrater.com/p/10819642/disrupter-wireless-signal-jammer-triple> (visited Mar. 11, 2011) ("Shipping: US-Mainland: free."); Sunvalleytek International, Inc. product web page, <http://www.sunvalleyus.com/gps-and-mobile-phone-signal-jammer-ultra-portable.html>, and shipping policies page, <http://www.sunvalleyus.com/Article/help/5.html/> (visited Aug. 3, 2011) ("We ship orders all over the world, except the international military areas out of USA [sic]. Customers from USA & Canada: There are two shipping methods for you to choose when you place an order, one is Local pick up, the other is Shipping through United States Postal Service(USPS) . . . Local Pick Up Address: 700 Aldo Ave, Santa Clara, CA 95054").

²³ See, e.g., Focalprice.com product review, http://www.focalprice.com/MX193B/Portable_MobileCell_Phone_Signal_Shield_Blocker_Jammer.html (visited Apr. 20, 2011) ("I was amazed at the fast shipping to the U.S. from China."); The Signal Jammer product review, <http://www.thesignaljammer.com/products/5-Band-Super-Heavy-Duty-Adjustable-Cell-Phone-Jammer.html> (visited May 11, 2011) ("Great Product. Posted by Adam—Los Angeles on 11th Feb, 2011").

²⁴ See, e.g., <http://consumersecurityproducts.com/5-antenna-cell-phone-jammer-with-remote-control-p-2920.html> (visited July 12, 2011) ("Note: Mobile phone signal jammers may not be permissible to import into certain countries due to licensing of broadcast signals or other restrictions."); <http://spynuts.com/privacypolicy.html> (visited Feb. 17, 2011) ("It is the responsibility of the Buyer, and not the Seller, to have knowledge of, obey, and comply with all applicable Local, State, Province, and Country Laws and regulations in regard to the purchasing, possession, and use from any and all items from us and our website <http://spynuts.com>.").

²⁵ In very limited circumstances and consistent with applicable procurement requirements, retailers may market these devices to the U.S. federal government for authorized, official use. See 47 U.S.C. § 302a(c); see also 47 C.F.R. § 2.807(d).

²⁶ See FCC Enforcement Advisory: Cell Jammers, GPS Jammers, and Other Jamming Devices, Retailers Advised that the Marketing or Sale of Devices Designed to Block, Jam, or Interfere with Authorized Radio Communications Is Strictly Prohibited in the U.S., Public Notice, DA 11-249 (Feb. 9, 2011), available at <http://www.fcc.gov/eb/jammerenforcement>; *New Generation Hobbies*, Citation, DA 11-1164 (July 1, 2011).

Commission may impose monetary forfeitures of up to \$16,000 for each such violation or, in the case of a continuing violation, the Commission may impose monetary forfeitures of up to \$16,000 for each day of such continuing violation up to a maximum forfeiture of \$112,500 for any single act or failure to act.²⁷ For instance, the Commission could impose separate forfeitures for each signal jammer sold and/or for each day on which a signal jammer is advertised or otherwise offered for sale. In addition, violations of the Communications Act or the Rules can result in seizure of equipment through *in rem* forfeiture actions,²⁸ as well as criminal sanctions, including imprisonment.²⁹

15. In addition to providing the required information as described in paragraph 19 below, an Online Vendor may respond to this Citation within thirty (30) calendar days after the release date of this Citation either through (1) a personal interview at the closest FCC office, or (2) a written statement. Any written statements should specify what actions the Online Vendor has taken to ensure that in the future it will not violate the Communications Act or the Rules prohibiting the marketing of radio frequency jamming devices. An Online Vendor must reference the file number associated with its company in Appendix A (*e.g.*, EB-11-SE-xxx) when corresponding with the Commission.

16. Under the Privacy Act of 1974, any statement or information provided by an Online Vendor may be used by the Commission to determine if further enforcement action is required.³⁰ Any knowingly or willfully false statement or concealment of any material fact made in reply to this Citation is punishable by fine or imprisonment.³¹ Please also note that section 1.17 of the Rules requires that truthful and accurate statements be provided to the Commission.³²

V. CONTACT INFORMATION

17. For purposes of scheduling a personal interview, the closest FCC office for each Online Vendor is included in Appendix A to this Citation. An Online Vendor may contact the Spectrum Enforcement Division by telephone, 202-418-1160, to schedule an interview, which must take place within thirty (30) calendar days after the release date of this Citation. An Online Vendor should send any written statement within thirty (30) calendar days after the release date of this Citation to:

John D. Poutasse
Acting Chief, Spectrum Enforcement Division

²⁷ See 47 U.S.C. § 503; 47 C.F.R. § 1.80(b)(3). These amounts are subject to further adjustment for inflation and the forfeiture amount applicable to any violation will be determined based on the statutory amount designated at the time of the violation. See 47 C.F.R. § 1.80(b)(5).

²⁸ See 47 U.S.C. § 510.

²⁹ See *id.* §§ 401, 501.

³⁰ See Privacy Act of 1974, 5 U.S.C. § 552a(e)(3). We expressly reserve the right to take whatever other enforcement action may be appropriate.

³¹ See 18 U.S.C. § 1001.

³² 47 C.F.R. § 1.17 (“[N]o person subject to this rule shall; (1) In any written or oral statement of fact, intentionally provide material factual information that is incorrect or intentionally omit material information that is necessary to prevent any material factual statement that is made from being incorrect or misleading; and (2) In any written statement of fact, provide material factual information that is incorrect or omit material information that is necessary to prevent any material factual statement that is made from being incorrect or misleading without a reasonable basis for believing that any such material factual statement is correct and not misleading.”); see also *Cricket Communications, Inc.*, Order and Notice of Apparent Liability for Forfeiture, 26 FCC Rcd 989, Spectrum Enf. Div. Enf. Bur. 2011) (proposing a forfeiture penalty of \$20,000 for the company’s provision of incorrect material information to the Commission without a reasonable basis for believing the information to be correct).

Federal Communications Commission
445 12th Street, S.W., Rm. 3-C460
Washington, D.C. 20554
Re: EB File No. EB-11-SE-___

Each Online Vendor shall refer to the EB File Number that is associated with its company in Appendix A when corresponding with the Commission.

18. Reasonable accommodations for people with disabilities are available upon request. An Online Vendor should include a description of the accommodations needed with as much detail as possible, as well as contact information so that we may contact the Online Vendor if we need more information. Please allow at least five (5) business days advance notice; last minute requests will be accepted, but may be impossible to fill. Send an e-mail to fcc504@fcc.gov or call the Consumer & Governmental Affairs Bureau:

For sign language interpreters, CART, and other reasonable accommodations:
202-418-0530 (voice), 202-418-0432 (tty);

For accessible format materials (braille, large print, electronic files, and audio format):
202-418-0531 (voice), 202-418-7365 (tty).

VI. REQUEST FOR INFORMATION

19. Pursuant to sections 4(i), 4(j), and 403 of the Communications Act,³³ each Online Vendor is directed to provide the information requested in confidential Appendix B hereto within thirty (30) calendar days after the release date of this Citation. The request for information concerns Online Vendors' signal jammer suppliers, distribution channels, and sales, including the manufacturer of each illegal signal jamming device, the websites that the Online Vendor has used to market the devices in the United States or its territories, and the corrective actions Online Vendors have taken, are taking, or will take. A failure to respond, or an inadequate, incomplete, or misleading response may subject an Online Vendor to additional sanctions.³⁴

VI. ORDERING CLAUSES

20. **IT IS ORDERED** that pursuant to sections 4(i), 4(j), and 403 of the Communications Act, Bling Wholesalers, Brilliant Store, Inc., Consumer Security Products, Espow International, Ltd., Jabiru Bamboo, Ltd., Junker Signal Solutions, Molary Alexent, NOVA Retail Ent., Papatek, PJS Gifts, SAFI Service, LLC, Secret Service, Inc., Silver Valley Tech, Simply Surveillance, Sleuthtek, Sunvalleytek International, Inc., The Signal Jammer, Tna International Electronics, World Mall

³³ 47 U.S.C. §§ 154(i), 154(j), 403.

³⁴ See, e.g., *SBC Communications, Inc., Apparent Liability for Forfeiture*, Forfeiture Order, 17 FCC Rcd 7589 (2002) (\$100,000 forfeiture for egregious and intentional misconduct, i.e., refusing to attest to truthfulness and accuracy of responses to a Letter Inquiry (LOI)); *Connect Paging, Inc. d/b/a Get A Phone*, Forfeiture Order, 22 FCC Rcd 15146 (Enf. Bur. 2007) (\$4,000 forfeiture for failure to respond to an LOI); *BigZoo.Com Corporation*, Order of Forfeiture, 20 FCC Rcd 3954 (Enf. Bur. 2005) (\$20,000 forfeiture for failure to respond to a USF LOI); *Donald W. Kaminski, Jr.*, Forfeiture Order, 18 FCC Rcd 26065 (Enf. Bur. 2003) (\$4,000 forfeiture for failure to respond to an LOI); *World Communications Satellite Systems, Inc.*, Notice of Apparent Liability for Forfeiture, 18 FCC Rcd 18545 (Enf. Bur. 2003) (\$10,000 forfeiture for a non-responsive reply to an LOI); *Digital Antenna, Inc. Sunrise, Florida*, Notice of Apparent Liability for Forfeiture, 23 FCC Rcd 7600 (Spectrum Enf. Div., Enf. Bur. 2007) (\$11,000 forfeiture for failure to provide complete responses to an LOI).

Electronics, and Yapper Zapper must provide the information requested in paragraph 19 and Confidential Appendix B to this Citation. The response to the Request for Information must be provided in the manner indicated herein and must be received by the FCC within thirty (30) calendar days after the release date of this Citation.

21. **IT IS FURTHER ORDERED** that a copy of this Citation shall be sent by First Class U.S. Mail, Certified Mail, Return Receipt Requested, and, where available, by electronic mail to:

FEDERAL COMMUNICATIONS COMMISSION

P. Michele Ellison
Chief
Enforcement Bureau

APPENDIX A

1. **Bling Wholesalers, fububling.com**
EB File No. EB-11-SE-064
Nearest FCC Office: Kansas City

As outlined below, the Spectrum Enforcement Division observed on the specified date that Bling Wholesalers was marketing on its website, fububling.com, six separate models of signal jammers – including three models that block, jam, or interfere with mobile phone signals and three models that interfere with GPS technology. The GPS jammers were variously advertised as adopting the “technology of interdiction and interposition code” to “intercept the signal of the satellite and break it completely;” and as “block[ing] GPS reception and prohibit[ing] all GPS-enabled device[s] from tracking your current location.” As to the cell phone blockers, Bling Wholesalers offered devices for personal and business use, claiming that the blocker “creates enough interference to block all cell phone signals around you.”

18. **Tna International Electronics, tnainternationalelectronics.ecrater.com**
EB File No. EB-11-SE-079
Nearest FCC Office: Los Angeles

As outlined below, the Spectrum Enforcement Division observed on the specified date that Tna International Electronics was marketing on its website, tnainternationalelectronics.ecrater.com, 12 separate models of signal jamming devices. The jammers were variously advertised as being a “powerful cellphone disrupting device” and “specifically tuned to disrupt” selected cell phone frequencies, such as CDMA, GSM, and 3G.

19. World Mall Electronics, worldmall.com
EB File No. EB-11-SE-080
Nearest FCC Office: Boston

As outlined below, the Spectrum Enforcement Division observed on the specified dates that World Mall Electronics was marketing on its website, www.worldmall.com, 17 separate models of signal jamming devices – including 14 models that block, jam, or interfere with mobile phone signals, and four models that interfere with GPS technology. The cell phone jammers were variously touted as providing “industrial strength frequency jamming” or being able “to cut off communications between cell towers and any cell phones in the proximity.” GPS jammers were said to “block all GPS signals ... by any GPS devices that might have been installed.”

20. Yapper Zapper, yapperzapper.com
EB File No. EB-11-SE-081
Nearest FCC Office: New York

As outlined below, the Spectrum Enforcement Division observed on the specified date that Yapper Zapper was marketing on its website, yapperzapper.com, a signal jammer that blocks several cell phone frequencies. In addition to this website, Yapper Zapper also advertises the signal jammer by spamming the comment or product review sections of unaffiliated websites with a link to its own website or a reference to this device. Yapper Zapper claims to “offer only the best in professional quality cell phone jammer / blocker and GPS jamming equipment, not novelty products.” Also, the Commission recently received a consumer complaint regarding the online marketing of a cell phone jammer on the company’s website. *See* Complaint No. 11-C00314487-1 (filed July 5, 2011).
